The students
The students !
It's very serious !

Take this student to the basement NOW!!
Yes It is important that we try and explain the situation.
I dont want anybody to talk about what's just accured. Bring to my office any of the students that witnessed it

I don't know but more importantly, we have to make this classroom off-limits.
So does this virus destroy the brain?
Just what the hell is going on...
?!
...when such a heanous attack can occur right here in my own academy
If this disaster has been caused by a virus, then we may be able to contain the incident to solve just amongst ourselves.
"Doug White" My academy will never be defiled by his help.

That was easy!
You didn't really need US, did you Captian ?!
The nature of this PEARS Bio weapon is totaly unpredictable
We may have repelled it today, but we got lucky.
You're the man Chris Redfield!

Thanks to you, the case was solved without one fatality

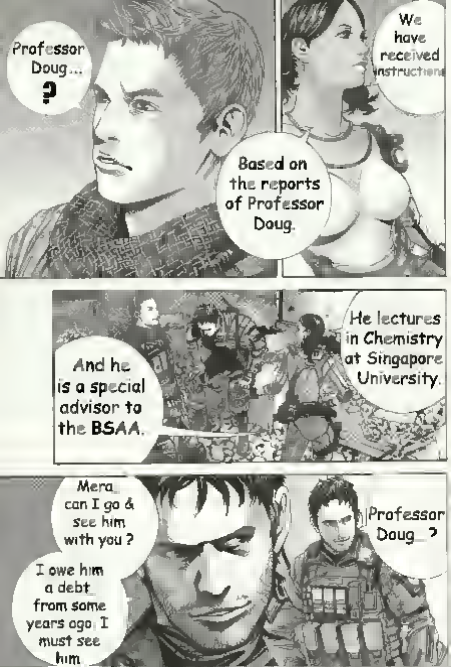
MERA BIJI
Is that you Mera Biji? You're so sharp. You're not known as the best BSAA agent for nothing
Let's go out for dinner after this?
Sorry, but I'm busy. I've got orders...



Professor Doug...
?
We have received instructions
Based on the reports of Professor Doug.
He lectures in Chemistry at Singapore University.
And he is a special advisor to the BSAA.
Mera, can I go & see him with you?
I owe him a debt from some years ago. I must see him
Professor Doug...?

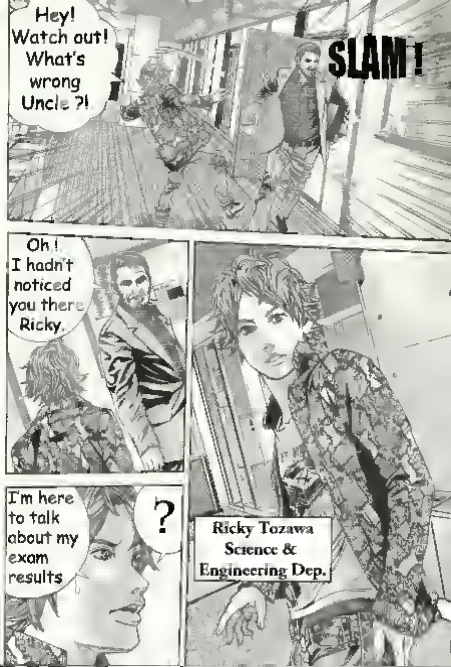
NO!
What the hell?! Dead student rampage?! Could there really be a biohazard outbreak at the College?!
Oh my god, are you sure?
I think I'll just take at least 3 days off from now!



Hey! Watch out! What's wrong Uncle ?!
SLAM !
Oh ! I hadn't noticed you there Ricky.
